Dear Mayor and Council,

The Central Saanich Community Association would like to express their support for the motion submitted by Councilor King - December 20, 2018. This motion\_for Increased Transparency in Central Saanich would see information disclosed from closed meeting business, including decisions and reports, once the need for confidentiality has ceased to exist. This would provide greater clarity to the public, would help us in our community development work and is something we see as a favorable move in creating a more open and transparent Municipality.

Thank you.

Yours respectfully,

Celeste Zimmer  
Chairperson  
Central Saanich Community Association
